The recognized leader in fetal monitoring education. Great resources for certification examination preparation.

Bring the Fetal Heart Monitoring Program to your hospital and find an instructor in your area by visiting awhonn.org/fhm.

For additional questions and comments, email us at fhm@awhonn.org.
Upon completion of the Intermediate Course, consider becoming an FHM Instructor. For more information visit awhonn.org/fhm > Getting Started > Become an Instructor.

**Fetal Heart Monitoring Simulation-Intermediate (FHMSIM-Intermediate)**

- CNE Contact Hours: 1.5
- CNE Expires: 2.3.2023
- Self-paced online course
- For: Registered nurses who completed an Intermediate Fetal Monitoring Course. Interval education to complement but not replace instructor-led class.
  - Interpret and analyze a patient case study with fetal monitoring tracings
  - Apply physiological principles
  - Feedback and answer rationale statements reinforce learning

**Advanced Fetal Heart Monitoring Course**

- CNE/CME** contact hours: 7/7
  (0.75 Pharmacology Credits available)
- CNE Expires: 1.31.2025
- One day, Instructor-led course
- For: Perinatal clinicians who have completed the AWHONN Intermediate Course, a comparable fetal monitoring educational program and/or who hold certifications/added credentials in fetal heart monitoring
  - Expands on physiologic principles in the AWHONN Intermediate Fetal Monitoring Course. Emphasizes the physiology of fetal-maternal oxygenation, interpretation of tracings, selection of clinical interventions, and perinatal risk management principles
  - Uses a case study approach focusing on the analysis of maternal-fetal physiology related to complex clinical information and fetal heart rate tracings
  - Optional integration test available

**Fetal Heart Monitoring Simulation-Advanced (FHMSIM-Advanced)**

- CNE Contact hours: 1.5
- CNE Expires: 10.30.2022
- Self-paced online course
- For: Registered nurses who completed an Advanced Fetal Monitoring Course. Interval education to complement but not replace instructor-led classes.
  - Interactive program framed around two intrapartum patient case studies with electronic fetal monitoring tracings
  - Utilize clinical information to frame interpretation of the tracing characteristics, assign categories, and select clinical interventions
  - Feedback provided with rationale statements
AWHONN's convenient online and in-person formats are evidence-based and provide the essential tools necessary for educating the entire team on FHM. Please visit the AWHONN store for additional fetal heart monitoring online learning opportunities and resources.

The Association of Women's Health, Obstetric and Neonatal Nurses is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center’s Commission on Accreditation.

Accredited status does not imply endorsement by AWHONN or the ANCC of any commercial products displayed or discussed in conjunction with an educational activity.

AWHONN is approved by the California Board of Registered Nursing, provider # CEP580.

**Accreditation Statement – Physicians**

This activity was planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AffinityCE and AWHONN. AffinityCE is accredited by the ACCME to provide continuing medical education for physicians.
